

Healthy Choices for all club members

The Boys & Girls Clubs of Delaware has received a grant from The Delaware Department of Services for Children, Youth and their Families' (DSCYF) Division of Prevention and Behavioral Health Services (DPBHS) to offer free mental health prevention and treatment services to support your child's healthy choices and natural development.

At the Clubs in Sussex County, members will learn skills to express and manage their feelings, choose positive behaviors, form safe and rewarding relationships, prevent substance use, and improve overall wellbeing.

Interactive, fun group sessions, and age-appropriate educational programming, as well as parent support as requested, will be led by therapists from Lewes Counseling LLC. Individual sessions will be accommodated as available time allows. Referrals to community services will be provided as needed.

For more information about the program or for any questions, please call or text the coordinator Jeanne Dukes, LCSW at 302-430-2127.

I have read and agree with the Lewes Counseling LLC Policies & Procedures available at lewescounseling.com. I consent that the member below may participate in group programs offered by Lewes Counseling LLC.

MEMBER NAME (PLEASE PRINT) _____

AGE _____ GRADE _____ GENDER _____ RACE _____

ZIP CODE _____
