### Substance Abuse Prevention Mission Statement

#### West End Neighborhood House

**"The Delaware Prevention Coalition (DPC) is a collaborative group designed to build and strengthen the capacity of community partners to create safe, healthy, and drug-free communities. The Delaware Prevention Coalition plays a vital role in its mission to fight substance abuse for safe alcohol and drug-free communities throughout New Castle County, Delaware.**

**The Delaware Prevention Coalition is a statewide partnership of six community organizations established to build and strengthen the capacity of community partners to create safe and healthy drug and alcohol-free communities.**

**DPC, united against substance abuse, is building a well-thought-out educational and awareness campaign that includes prevention, treatment, and policy change with the use of media and nationally recognized youth development programming to reach out to the communities throughout Delaware."**

## SABG PROVIDERS INFO PAGE

### Substance Abuse Prevention Mission Statement

Delaware Multicultural and Civic Organization, Inc.

For 25 years, DEMCO has been a nonprofit organization whose goal has been to heighten and promote educational, economic, and social stability through the provision of tutorial services, academic programming, social and economic development. Through the DEMCO Academy, DEMCO has been serving the communities in the State of Delaware, specifically Kent County.

DEMCO staff is comprised of an experienced team of experts in key areas such as mathematics (k-calculus), reading, language arts, science, history, substance abuse prevention, violence & suicide prevention, economics, social studies, Mandarin Chinese, and computer science.

DEMCO, known for its creative and innovative anti-bullying and substance abuse prevention programming, offers programs such as Cultural Health Ambassadors' Project and Books and Basketball, which draws students from Sussex and Kent counties. DEMCO staff is also uniquely qualified to offer STEM courses that can be rarely conducted by community organizations because they lack the expertise to do the instruction. However, with DEMCO this reality is not the case. DEMCO staff specializes in math and science.

Thus, DEMCO continues to provide cutting edge courses such as math in the city, stock market challenge, weird science and other science courses which include robotics, forensics, neuroscience and biochemistry to Delaware students from diverse backgrounds and varying learning styles free of charge that would rival any of the course offerings of many academic institutions.

## Bellevue Community Center's Prevention Initiatives

The **Center for Community Engagement** is a community-based drug prevention organization focusing on prevention and early intervention. We strive to provide knowledge and resources to individuals to make healthy and responsible choices.

Through our *Planet Youth Coalition* and partnerships with federal and state agencies, we offer a wide range of services to address youth issues concerning the misuse or abuse of alcohol, opioids, marijuana, tobacco/vaping products, and other substances.

The CCE also undertakes projects addressing social & emotional issues such as suicide prevention, violence de-escalation and intervention, bullying, and other current youth topics of concern.

The mission of **Planet Youth Coalition** is to establish and support community efforts to reduce substance abuse among youth, and to promote protective factors that minimize the risk of substance abuse in our community. These efforts include coordinating and supporting prevention curriculum instruction, alternative activities for youth, and weaving like-minded organizations together to better leverage synergies.
